2. Pursuant to AB 434, in March 2016 the State Water Resources Control Board (State Water Board) adopted emergency regulations governing the permitted use of POU and POE treatment by public water systems in lieu of centralized treatment. AB 434 stipulated that these emergency regulations would remain in effect until January 1, 2018 or until such time as the State Water Board adopts permanent regulations, whichever was sooner;

This comment period was extended until February 2, 2018. Following adoption by the State Water Board on February 6, 2018 and receipt of Office of Administrative Law (OAL) comments on October 5, 2018, revised regulation text and an addendum to the Initial Statement of Reasons were circulated in a public comment period that ran from November 8 through November 27, 2018;
